Dear Sir or Madam:

On behalf of the Board of Directors of the Health Care Incentives Improvement Institute, I would like to congratulate you on the achievement of your Recognition. You join the ranks of several thousand physicians, nurses and physician assistants that have demonstrated an ability to deliver outstanding results in the management of their patients.

There are now many health plans across the country that have embedded Bridges To Excellence Recognitions into their assessment of physician quality and as markers of quality designation in their provider directories. As a result, you may qualify for financial incentives in addition to recognition from these plans and I encourage you to ask them for details.

In addition to the benefits you might get from health plans with which you contract, we also have agreements in place with a number of web sites that offer information to consumers on physicians and who have agreed to display your BTE Recognition status. We will regularly update this list on our website and suggest you periodically check for an up to date list.

Again, please accept our congratulations on your BTE Recognition.

Sincerely Yours,
